Thanks for the update LaDonna. Robin is leaving the office mid-day tomorrow, so please send any materials today.

Also, please cc Jennifer Wilbur, Barbara Wallace, and Doris Williams, so they add the materials to her travel folder.

Thanks!

Christine

Hi Bob.

Region 9 forwarded information to Robin on Monday. We have a few things together that we were going to forward to her today or tomorrow.

Subject: FW: Haystack and Jackpile site visits

Robin Richardson will be participating in site visits to Haystack Mine and Jackpile Mine next week.

Would you be able to have the appropriate people forward some brief background materials on the two sites We know one is NPL and one is not, but don't know what is currently happening at each site. We've forwarded general background on the Navajo uranium mining effort and the new 5-year plan, but nothing specific on Haystack.

Thanks a lot.

Yes, please do. I checked Robin's folder and she doesn't have anything.

Do you want me to ask regions 6 and 9 for background on the sites, or have you already asked?
